## *A Word from Your Principal*

I feel strongly that one of the greatest strengths of Adventist Education is empowering our children to become leaders. I should clarify because sometimes we think there can only be one leader. At KAES all our students are leaders. One example of this was at Chapel this week. Our smallest class in stature and in number, the Pre-Kindergarten class stood in front of the more than 200 of their friends and lead us in worship and lead they did. They lead in prayer, song, announcements and introducing the speaker. They lead with such contagious joy.

For leaders to be natured, people must be willing to be lead, and that is just what the other students did in chapel this week. They did not look at the PK and think that they were too young but instead joined in and supported what the Pre K what doing. They sang, listened, clapped and cheered for each other.

Why do we focus so much on helping our children grow in these leadership rolls is simple. God calls each one of us to be leaders for Him. To share the love of God in all that we do everyday.
