- 24 - Last Day Of School
- 24 - 8th Grade Graduation

just for fun

Q: Why can't a nose be 12 inches long?

A: Then it would be a foot!

Outdoor School

Pray for our 5th and 6th grade students as they head out for Outdoor School this Sunday. Each year Texas Conference Office of Education hosts a week of outdoor school for 5th and 6th grade students in Adventist Education. This is an exciting week for our students. Students will receive training in areas from fishing to rocket building and everything in between. However the best part is the focus on Christ as our students separate from the world and look to Him that created this world.

School Yard Sale

The Leader in Me, Art and Environment group is still planning on having a yard sale. They are in need of your unwanted junk. As you do your Spring cleaning this year, please consider donating your unwanted items to the KAES yard sale. We will even come pick it up for you!

Friday, May 4 is our KAES Visitation Day. This is a day that all families who are thinking about attending KAES can visit and spend a few hours in their intended classroom. Students will also visit next year's classroom and see what it will be like. Visitation Day will run from 9 am to 11 am. Support your school by getting the word out and telling your friends.

Week of Worship Next Week

Next week 2nd grade will share in chapel. They will provide praise songs and special music. Come see them sing in sign language. We will also have a flag presentation by our LIM color guard.

Enrolling for 2018-19

We are happy to announce that we will soon open registration for the 2018-2019 school years. This year we will have application and enrollments online. Those paper forms you had to fill out and then find the time to turn in will be no more. We are still in the implementation stage but will have it so you can do everything electronically when and where you want. We will send more information about enrolling online via email.

LIM Teams

The Leader in Me teams' progress has been awesome. New lights have been purchased and received for our current gym. This will greatly improve the appearance of our gym. Students officially had an outdoor lunch this week and are working toward purchasing a second table. Our new gardening team has begun working on our flower beds. The kindness rocks have also been placed in the flower beds and are now on display. Come check out the progress!

1st Grade Talent Show

Everyone who attended the 1st Grade Talent Show had a awesome time seeing all the talents of our 1st graders. The show includ-

ed all kinds of music from piano, violin and even a ukulele number. There were all kinds of jokes and exciting skills from pogo stick tricks to hula hoop spinning. 1st grade even had a magic show, dance routine and the whole class sang a couple of musical numbers. Oh and you can't forget the ninjas and martial arts demonstrations, broken boards galore. It was so much fun. We can't wait to see what these kids continue to blossom next year!

Apr. 23-27 Lunch Menu
